Preamble Information Review

A. The Extremely Rare Cardinal Grand Cross Accompanying the First Blood Moon of the 2014 – 2015 Tetrad

“And there shall be signs in the sun, and in the moon, and in the stars”...“and let them be for signs, and for seasons, and for days, and years...” Luke 21:25 ~ Genesis 1:4

Exactly in-between the 1st Blood Moon of the Tetrad on April 15, 2014 and the accompanying Partial Solar Eclipse of April 29, 2014 was a Cardinal Cross configuration. The Cardinal Cross reached its climax exactly 7 days after the 1st Blood Moon. A celestial ‘cross’ is observed when 4 key heavenly bodies are said to be ‘Squared’ to each other. The mere fact that the Cross alignment occurs dead center in-between the start of the Tetrad 1st Blood Moon and its accompanying solar eclipse is statistically against the odds to be a random coincidence.

To make this occurrence even a rarer event, the Cardinal Cross coincided with the Grand Cross. A Grand Cross occurs when four planets are all separated from each other by Square aspects (90 degrees apart). This is incredibly rare since it has not happened since a full Procession of the Equinox. Cardinal Crosses occur frequently but what is spectacular is that for the first time in a cycle of the Procession of the Equinox, spanning nearly ~26,000 years (or lets say since the Genesis creation), the Cardinal Cross aligned with the Grand Cross. It has been stated this alignment is one of the top 3 major events in human history! This particular Grand Cross involved Uranus, Pluto, Jupiter and Mars - the Cardinal Cross formed within it, was the alignment of Libra-Capricorn-Aries-Cancer.

The Cardinal Grand Cross alignment could be referencing the Ark; that the Pilgrims (Believers) are going to be shipped out to a ‘glory that should follow’ and that the Messiah’s ‘Redeemed possession (His Bride) will be held fast’ per the interpretations of E.W. Bullinger. Thus, it could signal the Rapture of the Church as a reverse type of how the world was removed from Noah as the Church is removed from the world.

B. See [The Tetrad of Tetrads](#) - A lot of very good information on this website from a trusted author & watchman

C. [The Solar Eclipse Signature of the Tetrads](#)

One of the things that is VERY unique about the 2014 - 15 Blood Moon Tetrad is that it has a Jewish New Year to New Year correspondence. The unique total solar eclipse on the Spring Equinox and Jewish New Year (March 20, 2015) is marking off a prophetic conclusion of a matter or (Church) Age perhaps with the partial solar eclipse of September 13, 2015, on Rosh Hashanah. Could this allude to the end of the Churches Commission?

The linked study below shows that based on the NASA calculations of the 8 Blood Moon Tetrads since Christ, none but the 2014 - 15 Tetrad has both a total solar eclipse occurring on the Equinox and Jewish religious New Year.

Blood Moon Pattern - Thus could the 2014 - 15 Tetrad be the prophetic time-marker that is to converge the ending of the Commission of the Church to that of the commissioning of the 144k and the 2 Witnesses based on the Equinox solar eclipse New Year's sign?

Perhaps the end of the Church Age is to be somehow related to the Tetrad that

ends in the Fall of 2015 or soon thereafter. From this time forward, no such Tetrads will have the 4 corresponding Feasts synchronized in a row with a total solar eclipse in the midst.

As it pertains to Pentecost (May 24th) in 2015, it will amazingly be aligned with the 3rd Blood Moon of the Tetrad, April 4, 2015 in a phi ratio of time. This Blood Moon in turn is synchronized to the 50th day, which is Pentecost on May 24th. Most noticeably, it converges on the same day as observed by the Jewish calendar and the Western calendar.

It will also be 10 days prior is a convergence of both Ascension Day that is the day of the Rapture of Jesus Christ to Heaven, which coincides with Israel's Independence Day on May 14.

D. THE SUPER MOON PATTERNS CONVERGENCE OF LUNAR PERIGEE CYCLES A Coming Prophetic Synchronization of Time

This study by Luis Vega, linked at the end, suggests that the March 19, 2011 Perigee Moon was the start of a prophetic cosmic sign signaling a nearly 7 year cycle pattern of Super Moons 13 months apart that will culminate in some event of Biblical proportions on September 28, 2015. What this means remains to be seen.

A consolidate recap is below:

Super Moons are Lunar Perigees or Perigee Moons. On average there can be 4

to 6 such Super Moons occurring in a given year. In theory, the Lunar Perigee cycle patterns are consistent and predictable, they usually occur in pairs. The study shows that what is amazing and fantastic is that the period of the 2014-2015 **Tetrad (4)** of the lunar Blood Moon eclipses also coincides with 3 sets of Perigee Lunar cycles of 3 consecutive Super Moons, i.e., **Triads (3)**. The study suggests that these Super Moon **Triads** are unprecedented and perhaps are a factor in the cosmic convergence of prophetic time.

This unique triple **Triad** pattern does not ever occur in the years prior or after the 2014-15 **Tetrad** time-frame. The point is that to have 3 Perigee Moons or Super Moons in a row is rare, but 3 sets in a row is amazing. There is 1 **Triad** in 2014 and 2 **Triads** in 2015 for a total of 6 Super Moons for 2015 in particular. For 2015, there are 3 New Moons at the beginning of the year and 3 Full Moons toward the end of the year. The study suggests that perhaps these triple **Triads** of Super Moons are validating prophetically the **Tetrad** that coincidentally converge at a single point in time that ends both the **Tetrad** and the triple **Triad** of Moon Perigees.

This study suggests that the triple Super Moon **Triads** that span the 2014-15 years and corresponds to the **Tetrad** converge on one specific date, that of September 28, 2015. Many believe this will be a focal point of Biblical proportions. This is unprecedented in the whole decade as all other Super Moons, nominal and true occur only in pairs. What is spectacular is that the September Super Moon has some very special characteristics happening at the same time that could very well be Biblically prophetic. Thus it does appear that the convergence of the Super Moons and Blood Moons will be some sort of prophetic fulcrum point where history will be bench-marked from that time forward.

To reiterate, this study suggests that the March 19, 2011 Perigee Moon was the start of a prophetic cosmic sign signaling a nearly 7 year cycle pattern of Super Moons 13 months apart that will culminate in some event of Biblical proportions on September 28, 2015. What this mean remains to be seen. Of note, one other unique attribute about 2018 and lunar cycle is that on July 27, 2018 there is a Blood Moon that is the center of a **Triad** of Blood Moons that is nearly 7 years apart from the 2011 July Central Blood Moon. Prophetically, 2011 and 2018 are tied together in more ways than one. This cosmic pattern

could allude to a confirmation of sorts that the Tribulation period is in fact the 7-year week of years as foretold by the Prophet Daniel. **[not to be confused, this is NOT saying the Tribulation started in 2011]**

The study has sought to point out that to have 3 Perigee Moons or Super Moons in a row is rare; to have triplets or **Triads** of these is amazing; to have the **Triads** consecutively is perhaps Biblical. The Lunar Perigee cycles are consistent and predictable but they usually occur only in pairs. Moreover, this Super Moon pattern only occurs in the 2014-15 time-frame in the decade. In 2015 there are 2 Super Moon **Triads** for a total of 6 Super Moons. There are 3 New Moons at the beginning of the year and 3 Full Moons toward the end of the year. What is amazing and fantastic is that the period of the 2014-2015 **Tetrad** of lunar Blood Moon eclipses coincides in the same time-frame with the Perigee Lunar cycle of 3 consecutive Super Moons.

The study has suggested that perhaps these triple Triads of Super Moons are validating prophetically the **Tetrad**. Both celestial pattern phenomena converge at a single point in time, Sukkot of 2015 in particular. This point in time appears to be a synchronization of prophetic time that might be related to a fulfillment of prophecy in Biblical proportions. This study strongly suggests that these Super Moon patterns that started in 2014 are a sort of 'confirming and accompanying witnesses' to the **Tetrad** Blood Moons, are unprecedented and perhaps are a factor in the cosmic convergence of prophetic time.

To reiterate, the 3 **Triads** of Super Moons also within themselves occur in a symmetrical pattern. The 1st **Triad** of Super Moons consist of Full Moons and occur in 2014. The middle **Triad** that starts at the beginning of 2015 are consisting of New Moons and ends with the last Super Moon **Triad** of Full Moons in the Fall of 2015. It is the middle **Triad** of New Moons that itself is accented by the March 20 total solar eclipse and the Black Moon; obviously omens of doom and gloom. It will be doom for the nations in the Spring and gloom for Israel in the Fall. These 2 key dates to include the solar eclipse of March 20, 2015 and the Blood Moon of September 28, 2015 are a season apart and occur on eclipses and are on a Super Moon. E. **Watchman's View - BLOOD MOON TETRAD 2014 - 2015 Jewish Holiday Eclipses - [http://watchmansview.com/Blood Moon Tetrad.html](http://watchmansview.com/Blood_Moon_Tetrad.html)**

F. **The Year of Light & The Light of the World**

It is interesting to note, the UN General Assembly 68th Session proclaimed 2015 as the "International Year of Light." This was undoubtedly taken from the Masonic Anno Lucis which is Latin for "Year of Light." The masonic lodge of education website states the Year of Light refers to the biblical account of the creation of the universe wherein God spoke and said: *"Let there be light,...and there was light."* Genesis 1:3. Jesus said *"I am the light of the world. He who follows ME shall not walk in darkness, but have the light of life."* John 8:12.

Wouldn't it be interesting, or just like our God to tell Jesus it's time, and send the true *"Light of the World"* to redeem his Bride to give them *"the light of life"* eternal...in the Luciferian Year of Light! MARANATHA - *"Surely I am coming quickly. Amen. Even so, come, Lord Jesus!"* Revelation 22:20

Another worthy note is that the holiday of Chanukkah (not a feast day) is also known as the "festival of lights" in which each of the 8 days is marked off with the lighting of a candle on the "Menorah."

Luis Vega has done an extremely interesting study on 7 "Hybrid Eclipses" since the birth of Christ and what appears to have constituted a celestial Menorah type since the 1st century in the heavens, this study seeks to see if it has mirrored the Church Age. The Lampstands of the Book of Revelation have a direct correlation to when thus the Church Age began and perhaps when it is to end based on the last 7th Hybrid eclipses, WHICH END on the 2014-2015 blood moon tetrad.

Perhaps the 7th Hybrid eclipse which occurred on Nov 3, 2013 was to signal that the duration of the Church Age as the Earthly type of Church Menorah is about to be translated to the Heavenly one at the point of the Rapture. Has the 7 Hybrid 'Menorah' pattern been something that the LORD has been using as a sort of 'Hanukah' lighting-up celestial phenomena correlating to the 7 stage Church Age? Has the LORD been using such 'types and shadow' in the heavens

to show the 'Principalities & Powers', Angels, and the world that these 7 Hybrid eclipses in particular, because of their rarity were indeed a countdown to the Tetrad of 2014-15.

The period lea

time that an 'end' and a 'beginning' are displayed prophetically. Why this particular Blood Moon Tetrad? It may be that this 8th Tetrad will start to see Biblical prophetic history fulfilled - where GOD will see the closing to the Church Age, the Rapture, the completion of all the Messianic promises and the redemption of National Israel before the start of the Millennial reign. May it be so...MARANATHA

G. Sackcloth Sun & Blood Moon, Wars & the Call to WAKE-UP!

There will be a total solar eclipse of the sun (sackcloth sun) for two minutes over the North Pole on Friday, March 20, the day of the Spring Equinox which coincides with the beginning of the Hebrew month of Nissan, the first month in the biblical calendar year, a solar occurrence that has likely never happened before in human history. A total solar eclipse at the North Pole on the first day of spring occurs once every 100,000 years. For it to occur on the first day of the first month of the biblical calendar year is, however, entirely unprecedented since this is only the year 5775 according to Jewish tradition, meaning that there has never been such a solar occurrence in human history.

A full solar eclipse denotes the judgment of God upon the nations, blood moons denote the judgment of God upon the nation of Israel, and that a solar eclipse occurring in the midst of four blood moons denotes the judgment of God upon the world - this total solar "SACKCLOTH SUN" eclipse is also a super moon and falls directly between the 4 blood moons of the tetrad (a bulls-eye eclipse). CERN the Supercollider is also scheduled to reopen in March in an attempt to create "the big bang" in search for the God particle. See [CERN Restarts Hadron Collider](#)...and [CERN To Attempt 'Big Bang' In March](#)..see [Ephesians 6:12](#) ...also the P5+1 Agreement with Iran is to be consummated March 24th - the fulfillment of [Jeremiah 49:35-39](#) could be a real possibility at anytime.

A “potential” fulfillment of [Joel 2:30-31](#) and [Acts 2:20](#) - the full solar “sackcloth sun” eclipse is followed 15-days later by the (3rd) blood moon of the Tetrad. The meaning of the [number 15](#) may have a reference to resurrection. A total solar eclipse followed so closely by a total lunar blood moon and both on Hebrew feast days does not occur again in this century, let alone within the prophetic timeline of possibility, indicated by the 1948 birth of Israel and the [Matthew 24:32-34 parable of the fig tree](#), and 80 years for reason of strength generation window in [Psalm 90:10](#).

As stated, blood moons denote the judgment of God upon the nation of Israel. The third (April 4th) blood moon of the tetrad coincides with Jewish holiday of Passover, a pivotal event that commemorates the ancient Israelites’ Exodus from slavery in Egypt. God unleashed ten plagues upon the Egyptians when they refused to follow God’s command to free the Jewish people. The first plague was: BLOOD! The 10th and final plague was Death of the Firstborn (at which time the Egyptians literally kicked the Jews out of Egypt!). Death is always associated with blood. Not only that, but the Israelites were commanded by God to paint lamb’s blood on their doorways so that the plague of the Firstborn would pass over their homes. As you can see, there was a lot of reference to blood. A blood moon coincided with the Six Day War in 1967 - There was also a blood moon on the eve of Israel’s declaration of independence in 1948 (celebrated this month), following a bloody war. Look for a “possible” prophetically significant bloody war around this time. Inspired by the words of Joel, some are suggesting that this blood moon is a sign from God that we are one step closer to the coming of Christ. Could it be the last step, the final warning? *“For the day of the Lord is coming, For it is at hand” Joel 2:1 “And I will show wonders in the heavens and in the earth: **Blood and fire and pillars of smoke. The sun shall be turned into darkness, And the moon into blood, BEFORE the coming of the great and awesome day of the Lord” v 30-31...this denotes the real possibility of a nuclear war around this time, and PRIOR to the Lord’s coming! (Jer. 49, Ps. 83, Isa. 17)***

Luis Vega provides another very interesting study linked below, which indicates the Equinox eclipse of March 20, 2015 is the last in human history before the Return of Jesus. This assertion is assuming a theory based on the dispensation of the Ages equaling a 7000 year span of time. This correlates to the 7 days or 1 week of the Creation account of Genesis 1:2 and onward. If at least such an astronomical sequence in the past and Last Days prophetic year sequence in the present demonstrates that the heavenly bodies are not some random

composition without knowledge. The illustration (see chart link) will show the positions of the planets in proximity to the Equinox eclipse of March 20, 2015 that this study suggests is extremely significant. To have the planets, the constellations and Biblical timing of such an eclipse on the Equinox is mathematically impossible.

Whatever the case, with all of the information presented in this post and within our 2015 Prophetic Calendar on our website, one thing is for certain, the time is getting very very short, and **the Church needs to WAKE-UP! (Ephesians 5:14) Look-Up! (Luke 21:28), Buckle-Up! (Ephesians 6:13), because we are Going-Up! (I Thessalonians 4:16-17) SOON! (Revelation 22:12)**

H. [The End of the 6,000th Year Since Creation](#)

The Creation Calendar's epoch (reference date) for the creation of the *physical universe* is believed to be at sunset in Jerusalem beginning Yom Ri-shon (the first day of the week) on Day 1 / Month 7 / Year 1. This day is equivalent to Universal Time on Saturday, October 7, 3986 B.C.E. on the proleptic (retro-calculated) Julian Calendar. The first Jubilee Cycle commenced at this moment when Elohim separated light from darkness according to Genesis 1:3-5. This moment represents the birth of the world.

The prophet Moses said in Psalms 90:4 that 1000 years was as one day in the sight of Elohim. As time passed, the Spirit of Truth revealed that there was a corresponding theme between each of the seven millennial days of mankind's history and the seven Hebrew Days in the Genesis creation sequence.

A millennium contains 20 Jubilee Cycles where each cycle lasts 50 years. God told Noah in Genesis 6:3 that after 120 Jubilee Years, or 6000

years, He would no longer strive with man. At the *end* of the sixth millennium Yahweh the Messiah will grant the gift of eternal life - the Age of Life to all who have believed and have accepted Him as Lord and Savior.

In John 2:1-11, Yahweh the Messiah alluded to the idea that the Marriage of the Lamb will occur after *six* millennial days are *filled to the brim*. It was at Cana that the Messiah turned water into wine at a *marriage* after *six* waterpots were *filled to the brim*. This first public miracle of Yahweh the Messiah is deeply prophetic, as it convinced the disciples that Jesus *was* the Messiah who would rule in the Millennial Kingdom at the end of 6000 years of mankind's history. The 1000 years of Millennial Kingdom then completing 7000 years and 140 Jubilees of mans history on the Earth.

Note on the Torah Calendar (see Month 6 & 7)

http://torahcalendar.com/PDF/CAL/SpiritualYear_2015CE.pdf September 14, 2015, Tishri 1 on the Hebrew Calendar and the end of year 6,000 on the Torah Calendar - this Rosh Hashanah (New Year) the Church Age may be concluded. The 2nd day of Rosh Hashanah begins year 6,001 and day one of the Age of Life. See The 7,000 Year Plan (<http://torahcalendar.com/PLAN.asp>) of Elohim - the Creation Calendar's epoch (reference date) for the beginning of the Age of Life or the Future Age or the Millennial Kingdom would be sunset in Jerusalem beginning Yom Re-vi-i (the fourth day of the week) on Day 1 / Month 7 / Year 6001...this is equivalent to Tuesday, September 15, 2015 C.E. on our Gregorian Calendar... May it all be so! MARANATHA!!

Note: Here is the difference between the current Hebrew Calendar and the Torah Calendar. This year (September 25, 2014 – September 13, 2015) is 5775 on the Hebrew calendar because the Jews count their years from 3761/3760 BC. That is the year of the commencement of the lunisolar calendar, not the year of Creation. In the century following the fall of Jerusalem (AD 70), certain Jewish scholars took the date 3761/3760 BC and assigned it to the time described in Genesis 1 and 2. Thus, the Jews preserved the correct date for calendar calculation but mistakenly associated it with Creation week. According to the best estimates,

Creation occurred over two centuries (or 225-years) prior to the beginning of the lunisolar calendar.

Although I believe the Calendar and most of the other information in the linked page, as presented, is accurate, some of the other teachings on this website are not supported by WatchmansView as they are believed to be inconsistent with sound and correct exegesis of God's Word. Most of the teachings adhere to a strict doctrine of Election and adherence to OT Law whereby only those who are watching for Christ return (know when He is coming), who have kept the correct Sabbath days and are keeping all the Biblical feast days will be saved. They believe in adherence to OT Law not NT Grace *"But if you are led by the Spirit, you are not under the law"* Galatians 5:18. Please use your Holy Spirit directed discretion if you review other documents on Torah Calendar website, and be like the Berean's who searched the scriptures daily to see whether these things are so.

Bibi and Queen Esther

It is by Divine providence that Netanyahu's speech to the U.S. Congress is scheduled for March 3, two days in advance of the Purim holiday, and the eve of the Fast of Esther. The fast commemorates a similar fast held by the Jews of the Persian empire to assist Queen Esther, a Jewess, before she approached the

king's to request that he reverse a decree condemning the Jews of Persia (Iran) to death. Today, with a fanatical regime in Persia threatening to wipe out the Jewish people, Netanyahu is following Esther's example of audacious courage. Many believe Benjamin Netanyahu will win a third election for Israel's PM, and as like Queen Esther, God has appointed him as the present day King of Israel "for such a time as this." *"For if you [Bibi] remain completely silent [before Congress and the World] at this time, relief and deliverance will arise for the Jews from another place, but you and your father's house will perish. Yet who knows whether you [Bibi] have come to the kingdom [elected as PM of Israel] for such a time as this?"* Esther 4:14

Remember in 2012 Netanyahu gave Obama the Book of Esther and the Biblical parable...Obama did not get the message and is now moving ahead with the P5+1 agreement that will seemingly spell a death sentence for Israel, except for God's intervention - see [Jeremiah 49](#).

It would not be surprising to see Israel strike Iran sometime soon post election.

The Solar Eclipse Signature of the Tetrads

One of the things that is very unique about the 2014 - 15 Tetrad is that it has a Jewish New Year to New Year correspondence. The unique total solar eclipse on the Spring Equinox and Jewish New Year on March 20, 2015 is marking off a prophetic conclusion of a matter or Age perhaps with the partial solar eclipse of September 13, 2015, on Rosh HaShana. (20th) A solar eclipse denotes the judgment of God upon the nations, blood moons denote the judgment of God upon the nation of Israel, and that a solar eclipse occurring in the midst of four blood moons denotes the judgment of God upon the world - this total solar “sackcloth sun” eclipse is also a super moon and falls directly between the 4 blood moons of the tetrad (bull's eye eclipse). Blood moons denote the judgment of God upon the nation of Israel. The third blood moon of the tetrad coincides with Jewish holiday of Passover, a pivotal event that commemorates the ancient Israelites' Exodus from slavery in Egypt. God unleashed ten plagues upon the Egyptians when they refused to follow God's command to free the Jewish people. The first plague was: BLOOD! The 10th and final plague was Death of the Firstborn (at which time the Egyptians literally kicked the Jews out of Egypt!). Death is always associated with blood. Not only that, but the Israelites were commanded by God to paint lamb's blood on their doorways so that the plague of the Firstborn would pass over their homes. As you can see, there was a lot of reference to blood. A blood moon coincided with the Six Day War in 1967 - There was also a blood moon on the eve of Israel's declaration of independence in 1948 (celebrated this month), following a bloody war. Look for a possible prophetically significant bloody war around this time. Inspired by the words of Joel, some are suggesting that this blood moon is a sign from God that we are one step closer to the coming of Christ. Could it be the last step, the final warning? *"For the day of the Lord is coming, For it is at hand" Joel 2:1 "Now, therefore, says the Lord, "Turn to Me with all your heart, With fasting, with weeping, and with mourning." v12 "And I will show wonders in the heavens and in the earth: Blood and fire and pillars of smoke. The sun shall be turned into darkness, And the moon into blood, Before the coming of the great and awesome day of the Lord" v 30-31*

THE FINAL COMMISSION OF THE CHURCH PENTECOSTAL INTERMISSION PATTERNS - Eclipse Patterns Signaling the End of the Age of Grace

The Conclusive Tetrad

This study by Luis Vega presents the case that the Church Age is about to conclude in this generation. This is based on 2 possible confirming signs validating this time-span that is based on an astronomical Blood Moon (April 4th) and solar eclipse correlation (March 20th). The 1st correlation is from the midnight Blood Moon of 32 AD that this study suggests is in fact when the crucifixion day occurred, to the start of the 1st Blood Moon of the 2014-15 Tetrad, exactly 1983 years. The 2nd correlation is that no other Tetrad before or after has a total solar eclipse exactly on the Spring Equinox that is also a Jewish New Year. What the point is that the Tetrad of 2014-15 might very well be the one that is to precede the Day of the LORD as foretold by the prophet Joel as a partial solar eclipse occurs on the Rosh HaShana. This is in essence a 'code' for a beginning and end duration of time; perhaps that of the Pentecostal Intermission?

There are other Tetrads that occur after 2014-15 as the ones in 2032, 2043, 2061, etc., none but the 2061-62 Tetrad have the consecutive 4 Feast days of YHVH, yet it does not have a total solar eclipse occurring in between the Blood Moons on a New Year nor Equinox. Thus the point is that the subsequent Tetrads in the future are a mixed-bag of that do not 'fit' the Joel prophecy as does the one exclusively in 2014-15. Erroneously many also have come to believe based on drawing renditions of the 2014-15 Tetrad that only 1 total solar eclipse occurs in the 'middle' of the Tetrad. This is not the case.

The Solar Eclipse Signature of the Tetrads

What is unique about the 2014-15 Tetrad is that it has a Jewish New Year to New Year correspondence. The unique total solar eclipse on the Spring Equinox and Jewish New Year on March 20, 2015 is marking off a prophetic conclusion of a matter or Age perhaps with the partial solar eclipse of September 13, 2015, on Rosh HaShana. Could this allude to the end of the Pentecostal Intermission? The chart in the linked study below shows that based on the NASA calculations of the 8 Tetrads since Christ none but the 2014-15 Tetrad has both a total solar eclipse occurring on the Equinox and Jewish religious New Year.

Blood Moon Pattern

Thus could the 2014-15 Tetrad be the prophetic time-marker that is to converge the ending of the Commission of the Church to that of the commissioning of the 144k and the 2 Witnesses based on the Equinox solar eclipse New Year's code? Perhaps the end of the Church Age is to be somehow related to the Tetrad that

ends in the Fall of 2015 or soon thereafter. From this time forward, no such Tetrads will have the 4 corresponding Feasts synchronized in a row with a total solar eclipse in the midst.

Any significant time beyond the 2014-15 Tetrad also does away with the 49 year Jubilee pattern, the 50 and 70 year pattern since Israel became a nation in 1948 and when the Temple Mount was back in Jewish control in 1967. One thing is for sure, the Church Age is at its closing stages.

THE JUBILEE PATTERN OF TIME

120 PENTECOSTAL MARKERS OF HUMAN HISTORY

A Study of the 7-fold Prophetic Age Dispensations (Cliff Notes of this Study provided below)

“And Jehovah says, 'My Spirit doth not strive in man -- to the age; in their erring they are flesh:' and his days will have been 120 years.” Genesis 6:3

Luis Vega again provides us a profound study, mapping out the pattern of time relevant to the human race based on the notion of the 120 Jubilee prophetic period of time. *[Each Jubilee being 50-years]* This timeline maps-out the dispensation of the Ages of human history is concurrent with the notion of there being a totality of a 7,000-year dimension of time and space. The study supports the notion that such dispensations are subject to a factor of the phi ratio, other mathematical variables and Biblical numerical patterns. If such a 120 Jubilee prophetic pattern of time model is valid and reliable, it strongly suggests that Humanity is on the verge of a monumental transition.

The main attribute of the 120 Jubilee pattern of time is that it mirrors the 7-day creation timeframe. This is assuming a linear continuum since the creation of Adam as the point of origin and the beginning of the 120 Jubilee prophetic pattern of time. It is also assuming that the 120 numerical value is referring to Jubilees. In the 120 Jubilee pattern of time model, each 1,000 years

corresponds to the 1-day of the prophetic 're-creation' day of the literal week of Creation. This principle is well established as the Bible correlates '1-day is as a 1000' in the LORD, etc.

The point is that if such patterns do repeat, then the end of the timeline does suggest when the birth of Israel was to occur (1948) and thus when the Rapture of the Bride is to occur based on a phi ratio of time.

This prophetic time seen in the timeline corresponds to only 1 Feast of YHVH, that of Pentecost. This is true when the spiral phi ratio is pegged from Passover to Pentecost, a 50-day sequence that mirrors the entire 7,000 year Jubilee pattern of time.

The findings of the study suggest a logical conclusion that 2015-16 is the prophetic window when the Rapture would or should or could take place.

What the 120 Jubilee pattern of time is further suggesting is that at each juncture, historically, judgment and a deliverance occurred. If Yom Kippur 2015 is the final 120th Jubilee, then it will be a judgment upon the nations and Israel but it will be a deliverance of Christ's Body (which would be taken out of the way prior to Yom Kippur).

This study also strongly suggests that that within the 3 facets of the 40 Jubilee prophetic timeframe (40+40+40), spanning the entire 120 pattern of time there are 3 corresponding particular Raptures. Two of the Raptures have already taken place, that of Enoch, and Jesus. What remains, if the prophetic pattern is valid and reliable is the Rapture of the Bride at the end of the current 40 Jubilee cycle, which is the last, and if it is to correspond with the 120th Jubilee, then the evidence necessitates that it has to occur during the year of 2015-16. This would also correspond to the Jewish year of 5776, the Year of Light. *[Note: the Jewish year starts on Rosh Hashanah, thus this is suggesting Rosh Hashanah 2015, the following day being 2016 or 5776 on the Jewish calendar].*

Thus this would mean that indeed Yom Kippur of September 23, 2015, 10 days from the partial eclipse of September 13, 2015 is the end of the 7th Shemitah and thus the Year of Jubilee would be proclaimed for 5776. Could this mean that the Rapture of the Bride like that of Enoch then could occur just prior to

the last 1,000 year time-frame to conclude the prophetic Pentecostal and Jubilee patterns? It is exciting to consider such a possibility. One thing is for sure, if the 120 Jubilee year pattern of time is valid and reliable and actually what is going to take place prophetically, then 'time' has run out for Humanity. There is no possible notion of perhaps in the next 50 to 100 years in the future; it would not fit the pattern.

(14th-15th) Rapture, Sudden Destruction & Second Chances

I am adding this for those who think their will be a second chance for Salvation AFTER the Rapture...IF those who have heard and rejected Christ in the Church Age do have a 2nd chance (and I am not necessarily saying this is even true), IF that were the case, would you take that chance of being lucky enough to live through the probable SUDDEN DESTRUCTION as indicated below, or making the first cut, in what is absolute, the fact the world will lose 1/4th of its total population (1.75 billion) to war, famine and pestilence, just in the first part of the Tribulation period – see a very good explanation of Almighty God’s version of Tribulation Shock & Awe here:

“If we read [I Thessalonians 4:16 through 5:9](#), we learn all about the RAPTURE and some of the details, and we also find the words SUDDEN DESTRUCTION. These verses are all talking about the same subject - the Rapture and Sudden Destruction. Men made the Chapter separations. God did not. It is all one topic discussed here. After Paul gives us the details of the Rapture in I Thess. 4:16-18, he continues on in Chapter 5 on the same subject matter.

We can know this because the very first word in Chapter 5 is “BUT”, a conjunction, or a CONNECTING WORD, which connects the last portion of Chapter 4 with Chapter 5. So, the last three very familiar verses of Chapter 4 and the 1st 2 verses of Chapter 5 are talking about the Rapture. The first word of the very next verse, verse 3, starts with the word FOR, another connecting

word, connecting verse 3 with verse 2, so it is easy to conclude that verse 3 is also referring to the Rapture. Verse 3 says, *"...then SUDDEN DESTRUCTION cometh upon THEM...and THEY SHALL NOT ESCAPE."* The next few verses go on to tell us that the children of light, those who are not spiritually asleep (the unsaved), those who are WATCHING, will ESCAPE THE SUDDEN DESTRUCTION. These verses tell us emphatically that THE RAPTURE IS AN ESCAPE FROM THE SUDDEN DESTRUCTION!!! And Tribulation period to come. The two main themes of these verses, THE RAPTURE AND SUDDEN DESTRUCTION ARE INSEPARABLE. They are woven together. They are one and the same event.

Luke 21: 34-35 says, *"But take heed to yourselves, lest your hearts be weighed down with carousing, drunkenness, and cares of this life, and THAT DAY come on you unexpectedly. For it will come AS A SNARE on all those who dwell on the face of THE WHOLE EARTH"* A SNARE is a TRAP. There is no ESCAPING (outside of the Rapture), the TRAP that is being set for the WHOLE EARTH. Likely nuclear warfare, and the aftermath, will have devastating effects on the WHOLE EARTH. Most of the judgments in the Book of Revelation can be directly attributed to the effects of nuclear war, and the aftermath.

But the GREAT NEWS is that there IS A WAY OF ESCAPE!!! THE RAPTURE IS OUR ESCAPE!!! The very next verse in Luke 21:36 says, *"WATCH therefore, and pray always that you may be COUNTED WORTHY TO ESCAPE ALL these things that will come to pass, and to stand before the Son of Man."* Do not let anyone rob you of your blessed hope. This verse says [we are Pre-Trib] TO ESCAPE ALL, not some.

In [Luke 17:26-27](#) and [Matthew 24:37-39](#), in the days of Noah, it was business as usual until, *"the day that Noah entered into the ark, and the flood came, and destroyed them all."* *"And as it was in the days of Noah, so shall it be also in the days of the Son of man (Jesus)."* Noah is being referenced in these verses as a type of the Rapture, our ESCAPE FROM THE SUDDEN DESTRUCTION.

The next 3 verses, in Luke 17:28-30, it says, *"Likewise as it was also in the days of Lot: They ate, they drank, they bought, they sold, they planted, they built; but ON THE DAY that Lot went out of Sodom it rained fire and brimstone from heaven and DESTROYED them all. Even so will it be in THE DAY when the Son of Man is revealed."* How much clearer can our Lord make it for us? THE RAPTURE

AND SUDDEN DESTRUCTION WILL BE THE SAME DAY!!!”

Revelation 3:10,11 says *“Because you have kept My command to persevere, I also will keep you from the hour of trial which shall come upon the whole world, to test those who dwell on the earth. Behold, I am coming quickly! Hold fast what you have, that no one may take your crown.” “But you, brethren, are not in darkness, so that this Day should overtake you as a thief”* I Thessalonians 5:4

(28th) The Absolute Statistical Impossibility of this Super Blood Moon

It is more than interesting to consider points A through I below, concerning the last blood moon (9/28/2015) of this tetrad - **an ABSOLUTE statistical**

impossibility, apart from God's divinely planned design!

- A. The occurrence of a perigee-syzygy of the Earth-Moon-Sun system - a "Super moon"
- B. ...where the Super Moon is also a Blood Moon
- C. ...and conditions A & B occur on one of God's appointed Holy Days
- D. ...and conditions A, B & C occur in the sequence of a Tetrad, all occurring on God's appointed Holy Days - the 8th such Tetrad all occurring on Holy Days since Christ (The number 8 in the Bible represents a new beginning, meaning a new order or creation, and man's true 'born again' event when he is resurrected from the dead into eternal life)
- E. ...and the 2014-2015 Tetrad (4) of the lunar Blood Moon eclipses coincides with 3 sets of Perigee Lunar cycles of 3 consecutive Super Moons which culminates with the September 23rd Super Blood Moon (an unprecedented occurrence!)
- F. ...and the Super Blood Moon is viewable from Jerusalem (few super blood moons have throughout history)
- G. ...and all the conditions above occur in a Shemitah year
- H. ...and all the conditions above complete at the start of a [Jubilee Year](#)
- I. ...and this Years Jubilee is the 120th since the beginning of creation - "*...the Lord said, My Spirit shall not forever dwell and strive with man, for he also is flesh; but his days shall yet be 120 [Jubilee] years.*" Genesis 6:3

(A SUPER BLOOD MOON STARTING A SUPER SHEMITAH YEAR) Jubilee years were/are after every 7 [Shemitah](#) years - Shemitah years are every 6 years with the 7th being a Shemitah, so 7-yrs X 7-yrs = 49-yrs with the 50th being the Super Shemitah or Jubilee year.

Note #1: the Jubilee year is only celebrated when the majority of Jewish people live in the land of Israel - this has now been fulfilled! ...

Note #2: Jubilee means a time of celebration which begins with a "trumpet blast" throughout the land - the year of Jubilee is also prophetic of both redemption (Rapture) and judgment (Tribulation). The next Jubilee year "starts" Elul 29, in the Jewish year 5776/5777, which also represents the eve of the Feast of Trumpets or Rosh Hashanah at sundown September of 2016 (the ending of the 120th Jubilee being Rosh Hashanah 2015/16 (5775/76)...here we have a double trumpet blast (both having the meaning of redemption) starting with the beginning blast of the Jubilee and ending with the Tekiah ha-Gadol, the final great long blast of Yom Teru'ah - could [1 Corinthians 15:52](#) be a possibility? ...

Note #3: There will have been 40 complete Jubilee cycles following Christ's death. The typology of 40 is interesting as it relates to the relationship between "forty" and the fulfillment of promises. Many "40" typology is displayed in the Bible, with the most significant type of all in the forty years of wilderness wandering by the children of Israel leading up to the possession of the temporal land of promise. To be more specific, the exodus out of Egypt and into the promised land by the children of Israel under Moses is a direct shadow of the exodus of the New Testament generation from the cross to the entrance into the eternal land of rest, our heavenly home. In Joshua chapter 6, with the destruction of Jericho at the end of the FORTY year exodus. SEVEN priests, with the Ark of God in the midst, marched with seven trumpets around the wall of Jericho for 6 days. ON the SEVENTH DAY they marched around SEVEN TIMES. At the close of the march, the trumpets were blown, the people shouted, and God caused the walls of Jericho to collapse. The victory was COMPLETE. The events of Jericho offered a graphic image and actual prophecy of events at the CLOSE of the Jewish age, FORTY years after Pentecost...in addition to the "40" type or shadow, the Trumpet blast may also be a shadow of the Last Trump, AND the Seven Priests, Seventh Day and Seven Times [=777], could this shadow the year 5777, AND the close of the Jewish age a foreshadow of the close of the Church age. Could these types and shadows be a foreshadow of the 40 Jubilee cycles, close of the Church age, and the sounding of the trumpet where the dead will be raised imperishable, and we shall be changed, redeemed and enter the promised land, Heaven, the Kingdom of God and the Eternal State?... "Therefore keep watch, because you do not know the (which) DAY or the (which) HOUR in which the Son of Man is coming" Matthew 25:13

Note #4: Also see our commentary on "[The 777.7 Coincidence!!??](http://watchmansview.com/Commentary_-_The_777.7_Coincidence%21%21.html)" ([http://watchmansview.com/Commentary - The 777.7 Coincidence%21%21.html](http://watchmansview.com/Commentary_-_The_777.7_Coincidence%21%21.html)) a possible foreshadow or forewarning of things to come.

(28th) THE SUPER BLOOD MOON - End of the Shmita and Coming World Economic Reset - The Feast of Tabernacles & the 8th Day Assembly 2015

It was the command of YHWH to Israel to uphold a Sabbath Year over the land, people, property and commerce. Israel was unfaithful due to their greed that resulted in the national Judgment and Diaspora of Israel to Babylon for the 10 Shmita's owed to YHWH. The Shmita is a dichotomy as it has a double application in not only being a blessing of 'release' and resetting of debts for

example but it can be a curse of undeniable national Judgment to a nation when not kept. The owners and manipulators of the rigged Stock Market that 'fixed' the drop of 678 points after 9-11 on September 17, 2001 on a Rosh HaShana and 777 points on 9-29-08 on another Rosh HaShana appear to be 'coding' this prophetic Judgment currently impacting the USA and the world at large. This judgment is economically based on the Biblical Shmita law of release and resetting.

IF national judgment of the USA began on 9-11, then the forthcoming 7 year intervals that are to culminate on Sep 13, 2015 will be of some prophetic significance that will finalize the sequence pattern of judgment and economic resetting. The year of release coincides with the last Blood Moon of the Tetrad that happens to be a Super Moon 15 days later as the 3 Fall Feast of YHWH are a continuous sequence. This in turn has prophetic implications for Israel.

According to Jonathan Cahn's theory, Elul 29, 5775 or Sep 13, 2015 is when the last implosion of the world economy will most likely occur. In that case, total chaos will ensue, economic, political, social etc The Money Changers that have capitalized and manipulate the world commerce will use this Shmita timing as planned to usher in the New Order reset.

If the total lunar eclipse of the Sukkot Super Blood Moon is a type of the Rapture, then having the Church out of the way would allow the AntiChrist to formulate the New Order and currency, the Mark out of this designed chaos. This rationale is only insinuating a typology and not that the Rapture of the Church will absolutely occur at such a time but it is striking in its imagery.

Sukkot is often considered the Jewish 'Thanksgiving'. It is also called by the Feast of Tabernacle or Booths as a Sukkah or outside Booth is made to commemorate the temporary shelters the Israelites built along the journey in the Wilderness from Egypt to the Promised Land. It is also referred to as the Week of Rejoicing as it lasts 7 Days with the 8th Day as a corporate Assembly in which the Torah is read known as the Hakhel which means to assemble or otherwise known also as Shemini Atzeret

The Super Blood Moon occurring on Sukkot, being the last of the Tetrad in Pisces is extremely unique as the Hakhel is to bring the Jew and Non-Jew together for an assembly before the King of Israel. Although there is no literal King of Israel or Prince to this day in Israel, but perhaps by then, on September

28, 2015 there might be a Prince, a King recognized that will be the 'one' to read the Torah at such an assembly in Jerusalem that Sukkot day.

It is also speculated that it will be on Yom Kippur that not only will the Jubilee Year be proclaimed as the year 5776, Year of Light had been initiated on Rosh HaShana but on Yom Kippur is when the Kings of Israel were anointed. Could this time be the occasion when the 'Prince that shall come' be anointed "King of Israel"?! IF this could be a possible occurrence, then this 'King' would be the one to read the Torah on the 8th Day of Assembly?

The Bible and Jesus Christ affirmed that He is the King of the Jews as stated in Matthew 27:11. In essence there is a current living King of Israel, Messiah the Prince Jesus of Nazareth that is in Heaven awaiting the command to Rapture His Bride and to bring her into the Sukkah for a 7 Day Feast of Rejoicing before His 2nd Coming to rightfully read the His Law at that future Feast of Sukkot in the Millennial Temple to come.

As far as the possible Rapture typology of the 8th Day, the Church birthed by Messiah does consist of this one 'New Man' in Christ, both Jew and Gentile. It is interesting that the Blood Super Moon occurs when the Feast of Tabernacles will have Christians and Jews believing in Messiah together in Jerusalem as the Super Blood Moon (only one of the Tetrad) will be setting and seen towards the western horizon over the Temple Mount in Jerusalem this September 28th.

IF Rosh Hashanah is to be the catching away of the bride of Christ, the harpazo, then the following 10 Days of Awe would possibly be Ten Days of Repentance as many Jews come to the stark realization that Yeshua is HaMashiach Yeshua (Jesus the Messiah), followed by Yom Kippur, or the Day of Atonement, a day of deliverance and salvation as many begin to turn to HaMashiach Yeshua. The Super Blood Moon then could possibly be a Super Sign for just Israel (after the Church has been removed), as it is the only one of the Tetrad seen over Israel. As blood moons denote the judgment of God upon the nation of Israel, it could be both a Super Sign wakeup call as to the end of the Church Age and a call for

Israel to turn back to God, and the coming of Jacobs Trouble. Note: **IF** this were to be the case, it does not necessarily mean that this also triggers the start of Jacobs Trouble (Tribulation Period)...see [The Prophetic Gap Between the Rapture and Tribulation Period](#)

On September 23, 2017 (day following Rosh Hashanah) a sign forms in the heavens that fits the requirements of Revelation 12 - this is the only time this sign will occur in history!

The Micah Prophecy - The Key to Revelation 12

“But you, Bethlehem Ephrathah, Though you are little among the thousands of Judah, Yet out of you shall come forth to Me The One to be Ruler in Israel, Whose goings forth are from old, From everlasting. Therefore He shall give them up, Until the time that she who is in labor has given birth; Then the remnant of His brethren shall return to the children of Israel.” MICAH 5:2-3

“Now a great sign appeared in heaven: a woman clothed with the sun, with the moon under her feet, and on her head a garland of twelve stars. Then being with child, she cried out in labor and in pain to give birth.” REVELATION 12:1-2

On September 23, 2017 a sign forms in the heavens that fits the requirements of Revelation 12. As far as can be determined from computer models, this is the only time this sign will occur in history. Therefore, it is believed, this would literally be the Great Sign of Revelation that is to appear in heaven. It is believed this sign could mark a transition into Daniel’s 70th Week. See further details here: [The Micah Prophecy](#) and in other pages on this website, and in his books. The author, Daniel Matson, of the website linked above covers many significant historical events often overlooked in most studies on Bible prophecy. On his website and in his books, he covers a wide range of topics and approaches that all seem to point towards the same conclusion, which is evidence of the 7-year timeframe for the Tribulation period. Note: The findings at the linked website above suggest the Rapture and Tribulation occur at the exact same time, or in close proximity. Although, I agree with the findings for the Tribulation period, I do differ on when the Rapture of the Church takes place (and still being pre-Tribulation) in relation to the beginning of the 7-year Tribulation period - for additional review see [The Prophetic Gap Between the Rapture and Tribulation Period](#)

Newton's Riddle – The Mystery of Daniel's 70th Week Revealed

Sir Isaac Newton lived some 300 years ago (1642-1727), was one of the greatest geniuses in all history, with perhaps the highest I.Q of anyone in history, except Jesus, who was God in human form. Newton is called "the father of modern science" and "the father of the industrial revolution." He discovered many scientific laws.

God chose Isaac Newton to impart many of His deepest secrets and riddles. There is strong evidence that God gave Newton the most mysterious secret and riddle of all - the timing and the events of the end of the age!

Newton was a devout believer in Christ and Bible scholar, fluent in ancient languages, and who translated directly from the Hebrew and Greek. He was unusually drawn to the prophet Daniel, which he began studying at age 12 and continued until he died at age 85. In fact, The Columbia History of the World, a secular history book, remarks, "At the end of his days he spent more time studying and writing about the prophecies in the Book of Daniel than he did in charting the heavens."

Apparently, God Himself put in Newton's heart this burning desire to study Daniel, then gave him the key to the timing of Christ's return.

Could this be the final profound secret the Lord revealed to this godly genius near the end of his life - a secret "accidentally" discovered in the Library of Congress and republished just in the last few years - a secret so simple that

most have missed it?

If Newton was correct in his interpretation of Daniel, the prophet to whom God gave specific timing, then the return of the Lord Jesus Christ will be very, very soon, indeed!

Newton's understanding of one key passage in Daniel chapter 9 is fundamentally different from that of most common interpretations. In about 550 B.C., God gave the prophet Daniel a view of history to the end. From Daniel 9:25, scholars usually add the "seven weeks (of years, or 49 years) and 62 weeks (434 years)" to get 483 years and calculate the time of Messiah's First Coming. However, Newton says there is no linguistic basis for adding those two numbers (49 and 434), and to do so is "doing violence to the language of Daniel." Newton says the two numbers separately speak of both the First and Second Coming, both being counted from the "going forth of the commandment to restore and to build Jerusalem."

Newton says the "62 weeks," or 434-year part was fulfilled at the First Coming, and the "seven weeks," or 49-year part will apply to the Second Coming. And three centuries ago he saw in the Scriptures and wrote about the rebirth of Israel at a time when such a thought was preposterous.

Amazingly, by faith and understanding of the Scriptures, he foresaw a "friendly kingdom" someday again issuing the "commandment to restore and build Jerusalem." Now, centuries later, that "friendly kingdom" was the United Nations, which decreed Israel's rebirth in November, 1947, causing Israel to be reborn in May, 1948.

Newton's calculations of adding 49 years to the June 1967 date says, "Messiah's possible return to earth will be on or before the year 2016."

However, that is apparently based on using modern (365-day) years in the calculation. If you use exactly 49 Jewish (360-day, prophetic) years from the day Israel captured the Temple Mount on June 7, 1967, you get $49 \times 360 = 17640$ days, which amazingly takes one exactly to September 23, 2015, the Day of Atonement 2015 and the last of the Blood Moon Tetrad and being a Super Blood Moon seen from Jerusalem.

Newton apparently saw that as the Second Coming. Instead, could it be the Rapture on or before?

A respected contemporary scholar, Rabbi Jonathan Cahn, author of the popular book, *The Harbinger & The Mystery of the Shemitah* is also looking to September 2015 for a major prophetic event, specifically, September 13, 2015, the end of the current Shemitah cycle. Pastor Mark Blitz who is credited as the first to discover the Blood Moon Tetrad also agrees with Cahn, and further states he believes the Bible teaches the Rapture must occur at the end of a Shemitah cycle, thus if not the current Shemitah cycle, September 13, 2015, it would be another 7-years to the end of the next Shemitah cycle.

Mark Biltz : The Feast of Trumpets - The beginning of the Lords New Year Video

In this 36 minute video www.youtube.com/watch?v=shIMX5c08K0 (which is worth the time watching in its entirety) Mark states that he believes the Bible supports that the Rapture will be ON a Shemitah year (providing supporting arguments for that position), and if so, if it does not occur this year, it would not occur for another 7 years - the next Shemitah year being 2022.

In a recent exclusive article published in the WND, Pastor Blitz delivers what he calls a “bombshell” concerning the significance of the Shemitah and the Blood Moon Tetrad. In referring to the Biblical Tribulation, a seven year period of unprecedented peril and suffering on earth, he goes on to state, “what I am proposing is that it (the Tribulation) is simply a continuation of the Shemitah cycle that has been ticking along for ages. The Tribulation will not be any random sequence of seven years, but the first year of the Tribulation will begin with the first year of the seven-year cycle. This has huge prophetic implications when we realize this Rosh Hashanah is the seventh year of a seven-year cycle, and the fall of 2015 begins a new seven-year cycle.”

IF that were to be true (and not necessarily 100% supporting it, because it could be pointing to the Rapture alone and then a certain “gap period” prior to and then including a 7-year Tribulation period – see

[http://watchmansview.com/Commentary -
The Prophetic Gap Between the Rapture and Tribulation Period.html](http://watchmansview.com/Commentary_-_The_Prophetic_Gap_Between_the_Rapture_and_Tribulation_Period.html))...re

member we have back-to-back Shemitah years as September ends the current Shemitah-year and begins the Jubilee Shemitah-year! ...Additional supporting thoughts would be, if the Rapture were to take place in the next Shemitah year of 2022, then the end of the 7-year Tribulation period would be in 2029 which is 1 full year beyond the prophetic timeline of possibility, indicated by the 1948 birth of Israel and the [Matthew 24:32-34](#) parable of the fig tree, and 80 years for reason of strength generation window in [Psalm 90:10](#).

If one compares 2015 with 2022, clearly the better symmetry and greater potential significance of all the signs and wonders, as a heavenly witness, is 2015. 2015 is clearly a one of a kind year and a totally unique convergence of heavenly signs. “The heavens declare the glory of God; the skies proclaim the work of his hands. Day after day they pour forth speech; night after night they display knowledge. There is no speech or language where their voice is not heard. Their voice goes out into all the earth, their words to the ends of the world.” Psalm 19:1–4

E. W. Bullinger expounded Psalm 19 in detail, recording the following for our benefit. *“Surely there is something more referred to here than a mere wonder excited by the works of the creator! When we read the whole passage and mark its structure, and note the words employed, we are emphatically told that the heavens contain a revelation from God; they prophesy, they show knowledge, they tell of God's glory, and set forth His purposes and counsels.”*
